Benefits

dube agriLAB

- The new facility is of global scale
- Australian greenhouse operations
- To have a large seedling house in Umlazi as a GOAL
- Help with my Masters research project – insight
- Inspire other young black professionals
- Plant a seed of “Horticulture as a profession”
- To seek and to share the art science of plant production globally

Benefits Continued…….

- See how other farmers/horticulturists in other countries do things
- Chance to represent my country on my personal field of interest
